HOW ARE WE DIFFERENT

Approved Credit Score is a premium concierge service.

We focus on quality, not quantity. Our first step is to get to know you personally. Once we understand you and your goals, we construct a personalized plan and implement the strategies to eradicate the challenge(s).

OUR UNIQUE STRATEGY

We design a personalized attack plan for you. After we understand what happened with your credit, we can then file formal complaints with each creditor.

Due to the complex nature of federal law and financial regulations, many creditors either fail in keeping proper records or attempt to take short cuts hoping you don't notice.

There are numerous regulatory authorities that have jurisdiction when it comes to consumer credit — The Consumer Financial Bureau (CFPB), Federal Deposit Insurance Corporation (FDIC), Attorney General, Better Business Bureau (BBB) — to name a few.
